Subject: San Jacinto River Waste Pits (06ZQ) - Aerial photos
Date: Monday, April 11, 2016 11:33:00 AM

Melody,

Aerial photo of the small peninsula that is adjacent to the north side of I-10 where the highway crosses over the San Jacinto River. I believe the peninsula is between the cities of Channelview, TX or Highlands, TX

Possible sources for aerial photos of the Site during 1996 and 1997 :

1. Port of Houston authority – (713) 671-7100 or (713) 670-2400.
2. TX Department of Transportation – (713) 802.5000.
